A "LAP of
LUXURY"
vacation

The Greenbrier takes the expression "if these walls could talk" to a new level. In addition to housing innumerable meetings and vacations of World Leaders, Titans of Industry, famous athletes and celebrities over the years; during the "Cold War" the mountain under the hotel was excavated and became a shelter to which key members of the U.S. Government (Congress, etc.) would be safely evacuated in the event of nuclear war. There is a guided tour of this once "top secret" facility available at a cost of \$30.

The Greenbrier is one of those rare resorts that harkens back to the golden age of opulent deluxe hotels. The level of service is incredible. It's the kind of place you would expect to see Robin Leach taping his "Lifestyles of the Rich & Famous" TV Show. Treat yourself to this lifestyle - if only for a couple of days - on this wonderful holiday. And best of all, at the price, this vacation won't break your bank!
